## Implementations Discussed

Task	Description
R1	Final Video for R1 presentation shared with client
Payment Features	Client requested additional features

Other Key points:

- **R1:** We affirmed the final versions with the client. The client was also shown and shared the final video and presentation.
- **Additional Features:** Client requested additional features, more payment options, other than the ones mentioned in SRS. Their feasibility would be checked and further confirmation would be given.
- **Agenda for next meet:** The feasibility and changes to SRS (if any) would be discussed with the client after a team meet.
